

LAKE CHAD BASIN CRISIS

CERF allocation overview (2015-2016)

As of 23 Sep 2016

United Nations
CERF | Central
Emergency
Response
Fund

Over 9 million people across the Lake Chad Basin are in urgent need of humanitarian assistance.¹ Since 2015, CERF has provided more than \$90 million for life-saving humanitarian assistance to 3 million people affected by the conflict and deepening food crisis.

ALLOCATIONS BY COUNTRY in US\$ million

With the support of CERF's rapid response funds, humanitarian partners have been providing life-saving assistance and protection for the most vulnerable people - internally displaced, returnees, refugees and host population - affected by Boko Haram and military operations.

ALLOCATIONS BY AGENCY in US\$ million

in US\$ million

ALLOCATIONS BY SECTOR in US\$ million

in US\$ million

CERF is one of the fastest and most effective ways to support rapid humanitarian response for people affected by natural disasters and armed conflict. The Fund, which is managed by the Emergency Relief Coordinator, receives voluntary contributions year round from United Nations Member States and Observers, regional governments, private sector, foundations and individuals. This money is set aside for immediate use at the onset of emergencies, in rapidly deteriorating situations and in protracted crises that fail to attract sufficient resources.

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the United Nations.
