HUMANITARIAN SITUATION

Uganda serves as a haven for refugees from DRC, South Sudan and Burundi. There are currently 865,385 refugees in Uganda; of which 673,753 are from South Sudan. This unprecedented mass influx puts enormous pressure on the country's resources, in particular on land, basic service delivery systems and on the ability to maintain Uganda's good practice refugee policy. Furthermore, the situation of the 390,000 people considered as food insecure is expected to deteriorate due to below-average rainfall.

Assistance will be provided through protection services (primarily for children, women and girls), food aid, health and nutrition interventions, and emergency shelter. The response will focus on the Arua, Yumbe, Moyo, Adjumani and Kiryandongo districts where refugee settlements were established in 2016 and reception of new refugees continues.
