

## HUMANITARIAN SITUATION

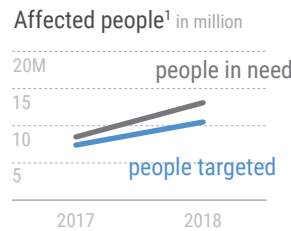

In 2017, the dramatic deterioration of the humanitarian situation in the Democratic Republic of the Congo (DRC) led to the activation of an IASC Level 3 emergency, focusing on the crises in the Kasai region and Tanganyika and South Kivu provinces. With 2.16 million people newly displaced inside the country in 2017, the DRC now has 4.49 million internally displaced people (IDPs), making it the African country with the highest number of internally displaced persons. DRC also hosts around 540,000 refugees from neighboring countries, primarily Burundi, Central African Republic, Rwanda and South Sudan. Across the country, some 13.1 million people require humanitarian assistance and protection in 2018 including around 7.7 million severely food insecure people and more than 2 million severely acutely malnourished children.

**13.1 million** people in need<sup>1</sup>

**10.5 million** people targeted overall<sup>1</sup>

**4.5 million** internally displaced people (IDPs)<sup>2</sup>

**540,000** refugees from neighboring countries<sup>2</sup>

**7.7 million** people severely food insecure people<sup>2</sup>

**98.3** under 5 y.o. mortality (per 1,000 live births)<sup>3</sup>

**693** maternal mortality rate (per 100,000 live)<sup>3</sup>

## CERF RESPONSE

A \$28 million allocation will focus on the needs of 485,756 people affected by the Level 3 crises and surrounding areas (South Kivu, Maniema, Tanganyika, Haut-Katanga, Haut-Lomami, Kasai, and Lomami) and non-Level 3 areas (Ituri and North Kivu). CERF will support life-saving interventions in the Health, WASH, Nutrition, Food Security, Protection, Shelter/NFIs, Education, and Logistics sectors. This UFE allocation is in complement to a \$20 million Rapid Response allocation to DRC.

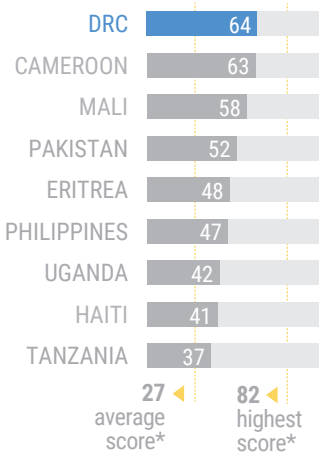

**\$28 million** allocated amount

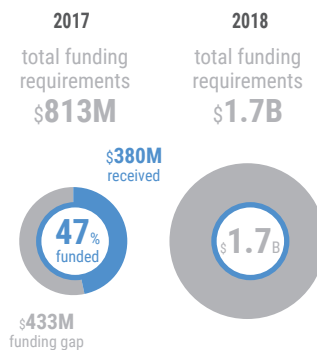

**485,756** people targeted by CERF
