## **UGANDA**

Underfunded Emergencies (UFE): 2018 first allocation round

## **HUMANITARIAN SITUATION**

Uganda faces a massive refugee presence with continued arrivals from South Sudan and DRC. Uganda now hosts up to 1.39 million refugees. The unprecedented influx of refugees in 2016 and 2017 tripled the refugee population to nearly 1.35 million. Women and children represent 82 percent of the refugee population, with some 757,838 children making up 61 percent of the refugee population in the country. The refugee caseload and new arrivals continues to put pressure on the country's resources, in particular on land, basic service delivery systems and the humanitarian partners' capacity to respond to the crisis. Acute needs remain in protection, food assistance, shelter, health and nutrition, WASH and emergency livelihoods sectors.

2.4 million people in need1

1.5 million

people targeted

overall1

1.3 million hosted refugees<sup>2</sup>

1.6 million people with severe food insecurity3

**54.6** under 5 v.o. mortality (per 1.000 live births)<sup>2</sup>

**343** maternal mortality rate (per 100,000 live)<sup>2</sup>

**79**% improved water source (% population with access)2

A \$17 million allocation will focus on the needs of over 700,000 people including over 160,000 persons in host communities in the Kyaka II, Kyangwali, Palabek, Palorinya, and Imvepi settlements. With CERF funds, the UN Country Team aims to sustain and improve essential life-saving services for recent refugees who are sheltered in settlements, ensure that essential protection services are provided, and implement emergency livelihoods and community support activities such as cash for work.

\$17 million allocated amount

727,557 people targeted by CERF
